- To add a lamp to the app, switch on the power to the lamp and tap "+" on the top right corner

- If the light is flashing rapidly and Bluetooth is enabled, the app will prompt to add the lamp to the app, follow the on-screen instructions to do so. If the light is not flashing, follow the on-screen instructions to reset it
- Connect to the desired Wi-Fi network, tap "Confirm" and the app will start searching for devices. Please note only 2.4 GHz networks are supported and make sure your device is connected to the same Wi-Fi network
