## GENERAL INSTRUCTIONS

These instructions should be read carefully and retained after installation by the end user for future reference and maintenance.

These instructions should be used to aid installation of the following product:

**LEDPAN38**

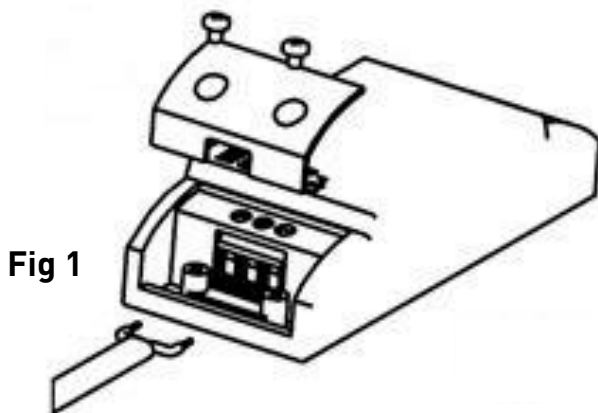

## SAFETY

- This product must be installed in accordance with the latest edition of the IEE Wiring Regulations (BS7671) and current Building Regulations. If in any doubt, consult a qualified electrician.
- Please isolate mains prior to installation or maintenance.
- Check the total load on the circuit (including when this luminaire is fitted) does not exceed the rating of the circuit cable, fuse or circuit breaker.
- Please note the IP (Ingress Protection) rating of this luminaire when deciding the location for installation.
- This product is IP20 rated.
- This product is Class II double insulated.
- This product is non-dimmable.

## INSTALLATION

**Note – If this product is being used in conjunction with external PIR sensors please confirm with the manufacturer of the sensors that they are compatible with LED luminaires.**

- Provide power to the required point of installation.
- Remove the end cap on the primary side of the LED driver with the aid of a screwdriver (see Fig 1)

- Connect Live (brown) and Neutral (blue) to the 3-way connector (See Fig 2)

**Fig 2**

- Refit the end cap with the 2 screws
- Connect the luminaire to the LED driver via the plug and socket
- Install into grid ceiling
- Switch on power and test for correct operation

## WARNING

This product must be disconnected from the circuit if subjected to any high voltage or insulation resistance testing. Irreparable damage will occur if this instruction is not followed.

## GENERAL

The LEDs fitted in this product are non-replaceable. This product should be recycled in the correct manner when it reaches the end of its life. Check local authorities for where facilities exist. Clean with a soft dry cloth only, do not use aggressive cleaning products or solvents which may damage the product. This product can be converted to an emergency product using the EMKIT which can be purchased separately.

## WARRANTY

This product has a warranty of 3 years from date of purchase. Failure to install this product in accordance with the current edition of the IEE Wiring Regulations (BS7671), improper use, or removal of batch codes will invalidate the warranty. If this product should fail within its warranty period it should be returned to the place of purchase for a free of charge replacement. ML Accessories does not accept responsibility for any installation costs associated with the replacement product. Your statutory rights are not affected. ML Accessories reserve the right to alter product specification without prior notice.
