

INSTALLATION & MAINTENANCE MANUAL

KLBRACXX

GENERAL INSTRUCTIONS

These instructions should be read carefully and retained after installation by the end user for future reference and maintenance.

**These instructions should be used to aid installation of the following product:
KLBACxx**

SAFETY

- This product must be installed in accordance with the latest edition of the IEE Wiring Regulations (BS7671) and current Building Regulations. If in any doubt, consult a qualified electrician
- Please isolate mains prior to installation or maintenance

INSTALLATION

- Fit aluminium suspension brackets to ceiling/flat surface (see Fig. 1)
- Each bracket can support a maximum of 15kg. Minimum 2 brackets required for 1M track.

Fig. 1

- Align track along suspension brackets and insert track into brackets. Make sure it is slightly tilting while gently pushing track, so brackets open out wide and push track in to secure onto brackets (see Fig. 2A)
- Once track clicks in place, it should be secure as shown in (Fig. 2B)
- Adjust position of track by sliding if required

Fig. 2

GENERAL

This product should be recycled in the correct manner when it reaches the end of its life.

Check local authorities for where facilities exist.

Clean with a soft dry cloth only, do not use aggressive cleaning products or solvents which may damage the product.

WARRANTY

This product has a warranty of 1 year from date of purchase. Failure to install this product in accordance with the current edition of the IEE Wiring Regulations (BS7671), improper use, or removal of the batch code will invalidate the warranty. If this product should fail within its warranty period, it should be returned to the place of purchase for a free of charge replacement. ML Accessories does not accept responsibility for any installation costs associated with the replacement product. Your statutory rights are not affected. ML Accessories reserve the right to alter product specification without prior notice.
