and follow the on-screen instructions

Enjoy

Enjoy your connected product. For more in-depth instructions,
please see section titled "Wi-Fi Control" in this leaflet

INSTALLATION & MAINTENANCE MANUAL
OSEKW

GENERAL INSTRUCTIONS

These instructions should be read carefully and retained after installation by the end-user for future reference and maintenance.
These instructions should be used to aid the installation of the following product: OSEKW

SAFETY

- Please note the IP (Ingress Protection) rating of this product when deciding the location for installation

- This product is IP20 rated

INSTALLATION

Note - Please avoid installing the sensor on metal frames as it will interfere with the Wi-Fi signal

- Prepare the installation areas and ensure they are clean and dry
- Peel off the tape covering on the back of the magnet and place in position where required
- Using the loose adhesive tape, place on the back of the main body, peel the tape covering off and attach to the installation surface ensuring the gap is no more than 15mm between the main body and the magnet
- Ensure that the main body of the sensor has the contact point facing towards the magnet (see Fig. 1)

BATTERY INSTALLATION

• Using a small flathead screwdriver lift off the top of the main part and replace the CR2 battery ensuring that correct polarity is observed, re-fit the top (see Fig.2)
Fig. 2

GENERAL

This product should be recycled in the correct manner when it reaches the end of its life. Check local authorities for where facilities exist.

The battery in this sensor is Lithium-Ion and must be disposed of correctly. Please contact the local authorities for the disposal of this toxic waste.

WI-FI CONTROL

- Download the SmartKnight app on Google Play or the App Store

- Once the app is downloaded, open the app and tap "Register" then follow the on-screen instructions

- To add a contact sensor to the app, ensure that the sensor is powered and tap "+" on the top right corner

- Tap "Contact Sensor"

- If the indicator is flashing rapidly, please skip the reset procedure and tap "Confirm the indicator is flashing rapidly". If the indicator is not flashing, follow the on-screen instructions to reset

- Connect to the desired Wi-Fi network, tap "Confirm" and the app will start searching for devices. Please note only 2.4 GHz networks are supported and make sure your device is connected to the same Wi-Fi network

- After the sensor has been added successfully to the app, it can be named and added to a room. After naming it, tap "Done"

WARRANTY

This product has a warranty of 2 years (excluding battery) from date of purchase. Improper use or removal of the batch code will invalidate the warranty. If this product should fail within its warranty period it should be returned to the place of purchase for a free of charge replacement. ML Accessories does not accept responsibility for any installation costs associated with the replacement product. Your statutory rights are not affected. ML Accessories reserve the right to alter product specification without prior notice.
